

Freelance English Teacher for Technical English in the Field of Electrical Engineering

The Foreign Languages Department at HTWK Leipzig, University of Applied Sciences, is offering the following teaching job on a freelance basis in summer semester 2025:

- one ESP course “**English for Specific Purposes: Electrical Engineering and Information Technology**” (at level B2 CEFR) for three student groups as part of their Bachelor’s degree course Electrical Engineering and Information Technology, each comprising 90 min per week over a course of 14 weeks (in total: 42 double teaching units).

Teaching weeks comprise calendar weeks 15-28. All courses include the responsibility to administer oral and written student examinations. The description of the English course and its requirement can be found in the module description, which can be found under the module number F296 at: <https://modulux.htwk-leipzig.de>.

Our Requirements:

- recognised university degree,
- degree or certificate in English language teaching / didactics,
- experience and knowledge in EFL / ESP teaching, assessing and examining, preferably at an institution of higher education,
- knowledge in the fields of e-learning / blended learning and learning management systems,
- English language skills, on level C1 CEFR or higher,
- German language skills on level A2 CEFR or higher,
- the legal right to work in Germany / tax identification number.

We pay 70,- EUR per double teaching unit of 90 minutes, including a fixed amount of 10,- EUR per double teaching unit as examinations are involved. Travel expenses can be reimbursed upon request in accordance with the Saxon Travel Expenses Act.

If you are interested in teaching English for Specific Purposes at HTWK Leipzig, please send your application documents (merged into one PDF document) via e-mail by **15 January 2025** to the Head of the Foreign languages department, Mrs. Tober-Nietner: fremdsprachen@htwk-leipzig.de. Interviews are scheduled to take place on short notice in the week of 27 January 2025.

Please note that with your application you simultaneously give your consent to the electronic processing and storage of your personal data until the end of the application process. Costs incurred in connection with the application will not be reimbursed. Applications from severely disabled persons will be given preferential consideration in the event of equal suitability.
